PRESIDENT'S MESSAGE

Happy New Year! I trust everyone had a great holiday season and Santa brought everything you wanted.

Last month's Round Table event at Marble Brewery was well received. The feedback provided on subjects from past speakers, requests for future speakers, and ideas for future tech sessions were much appreciated. Discussions on what you would like to see on the new website, the upcoming Annual Meeting, and input from membership in regards to local chapter activities will help us better plan our future programs and activities.

I would again like to remind everyone of the ASHRAE Annual Meeting to be held here in Albuquerque June 26-30 this year. The program theme for the meeting is "Energy Efficient System Design for High Elevations and Dry Climates" and there should be lots of interesting and informative programs. I hope many of you are planning to help and volunteer during the Annual Meeting to help make the meeting a success. June may seem far away, but it will be here before you know it. Please contact me or any of the other board members if you are interested or have any ideas to share.

ASHRAE SUMMER MEETING

ALBUQUERQUE, NM
JUNE 26-30, 2010

MEMBERSHIP

Happy New Year!

As we begin this New Year with new hope for prosperity; we need your help in encouraging fellow co-workers and colleagues to join ASHRAE.

Joining ASHRAE has many affects on not only your personal life; but also the long term future of our beloved profession. The small cost of joining ASHRAE is many times offset; by the wealth of knowledge that can be accumulated.

Please feel free to contact me with any questions.

Thanks,

Allen Anaya

The program featured Kevin McGahey, Manager of technical programs for the American Gas Cooling Center, presented an overview of gas technologies.

Kevin McGahey also presented a seminar entitled "Natural Gas Cooling" on January 22, 1997. This half-day seminar helped the attendees learn how to assess the cost savings potential of gas cooling systems compared to traditional cooling systems.

HAPPY NEW YEAR!

I want to kick off my ASHRAE Research fundraising season by sharing a few things that you may not know about ASHRAE Research:

MISSION STATEMENT

To improve the quality of life and to answer tomorrow's questions through research today.

100% of every donor's invested dollar goes into the research program.

There are over 2 million dollars in research projects currently funded in our region alone (Region IX).

I want to thank all of last year's ASHRAE Research Donors and I look forward to your continued support with this year's campaign (see next page):
